Herding cats is easier than
managing developers

Workflow

New
feature

Customer

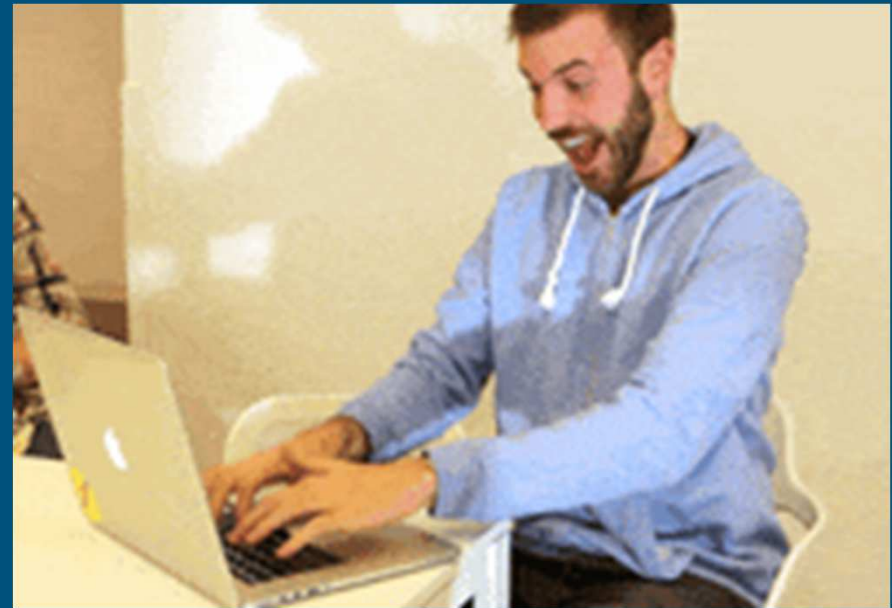

Research,
design,
implement

Developers

Efficiency

Experienced developer can design solution and implement it

Martin

design →

The experienced coder

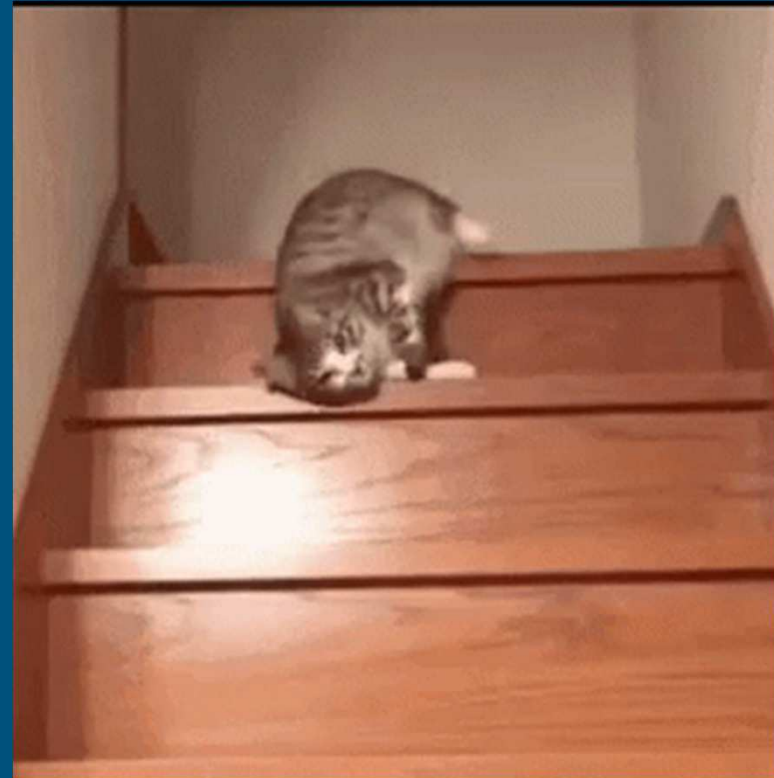

```
def feature1 ()  
def feature2 (what)  
def feature3 (input)  
def feature4 (whatever)
```

The designer

“Martin, can you please make the design?”

“OK, so I’ll make also the design”

Team-building

New setup

Happy designer David

(Creator)

Happy coder Martin

(Accumulator)
