Buggy Racer

 simiko

27.2k Played

Update: 29.9.2020 - customizable championship mode!

Chrome browser gives the best FPS on slower comps

The game was inspired by the classic racing games from 8-bit era, such as Ironman (1990).

All the code & graphics are original done by me.

Discuss it here:

<https://scratch.mit.edu/discuss/topic/410503/>

Note: At least moderate computer power is required for good experience. so it is not recommended
